

About the course:

“Dispatcher In-Service Seminar”

“The dispatcher is the vital link . . .”

The purpose of this two (2) day seminar is to provide dispatchers with advanced technical, human relations and operational training to more effectively and efficiently perform their duties. The dispatcher is the “vital link” providing communication and support to the patrol officer on the street. All of our dispatchers must be professionally trained to handle complicated and diverse duties with emphasis upon maintaining constant awareness of and communication with patrol officers on duty. Dispatchers must be capable of performing multiple tasks and being able to prioritize each task based upon their importance and urgency. A well trained, professional dispatcher can contribute greatly to the overall safety and security of law enforcement officers and the efficient operation of the communication center.
