Crimes Task Force**

**Tuesday
March 13,
2012**

8:00 AM - 4:00 PM

About the course:

“Drug Interdiction/Legal Update”

About the instructor:

“Look beyond the traffic stop”...

This one (1) day course is designed to teach the street officer aggressive traffic enforcement principles on how to detect and apprehend drug couriers who are transporting narcotics and currency in motor vehicles on our streets and highways. Across this nation, highly trained criminal patrol enforcement officers are seizing tons of narcotics and millions of dollars from traffic stops of motorists. In Ohio alone, Ohio State Highway Patrol Troopers have seized over \$100 million in narcotics and currency over the past 6 years. This training is designed to assist officers in learning the successful techniques and practices to “look beyond the traffic stop” and employ effective and efficient criminal patrol interdiction operations.

Mr. William D. Healy was a career law enforcement officer for the past 30 years.

He retired from the Ohio State Highway Patrol after 24 years of service. He was the coordinator of the Patrol’s Traffic Drug Interdiction Teams (TDIT). Mr. Healy has taught drug interdiction/criminal patrol enforcement throughout Ohio and the United States for the Drug Enforcement Administration, the Narcotics Association of Regional Coordinating Officers (NARCO) and the Drug Interdiction Assistance Program (DIAP). He is also a former adjunct professor of constitutional law at Ohio University. He is the Director of the Northcoast Polytechnic Institute (NPI) in Lorain County. Mr. Healy is a lifetime certified instructor with the Ohio Peace Officer Training Academy and has instructed tens of thousands of law enforcement officers during his career.

About the topics:

- Identifying the drug courier with emphasis on drug courier indicators
- Search and seizure principles with emphasis on motor vehicle related searches
- Concealed compartments in motor vehicles
- Canine investigation and operation
